

Profiles Step One Survey II™ is a pre-employment screening survey tool designed for organisations to assess the abilities of job candidates regarding personal integrity, substance abuse, reliability and work ethic.

Before hiring, how much do you really know about an employee's integrity, substance abuse, reliability & work ethic?

- 56% of working people admit they have lied to their supervisors
- 41% say they have falsified records
- 64% admit using the Internet for personal reasons during working hours
- 35% have stolen from their employers, by their own admission
- 31% abuse drugs or alcohol

Recent industry estimates indicate that nearly 80% of computer crime is committed by "insiders," at an estimated annual cost ranging from \$100 million to as much as \$1 billion. More than one-third of all companies declaring bankruptcy last year cited that they were "stolen out of business" by their employees.
